FOR IMMEDIATE RELEASE

EXPERT BIO: EAR, NOSE AND THROAT SPECIALIST

ANDREW T. CHENG, M.D.

**Board-Certified Ear, Nose and Throat Physician
Clinical Assistant Professor in the Department
of Otolaryngology-Head & Neck Surgery at New York Medical College**

Andrew Cheng, M.D., is a practicing, board-certified ear, nose and throat physician and a Clinical Assistant Professor of Otolaryngology & Head and Neck Surgery at New York Medical College with a private clinical practice in New York City.

Dr. Cheng specializes in sinus disease, thyroid, parotid tumors surgery, and laser surgery related to vocal cords and voice problems, as well as the treatment and management of tinnitus (chronic ringing in the ears) and other hearing loss issues.

In addition to being a Clinical Assistant Professor at New York Medical College/New York Eye & Ear, Dr. Cheng serves as Co-Chair for both the Committee on Family Health Issues and Membership Benefit Committee. He is currently the President of the Board of Trustee for New York County Medical Society.

After completing his undergraduate studies at Cornell University, Dr. Cheng earned his medical degree from State University of New York, Downstate Medical College. He completed a two-year residency in General Surgery and Medicine at University of Medicine & Dentistry of New Jersey and a three-year residency as Chief Resident in Otolaryngology- Head & Neck Surgery at Manhattan Eye, Ear & Throat Hospital.

As a current media advisor to the ear health consumer education program for Lipo-Flavonoid[®], a dietary supplement that has shown clinical relief for tinnitus sufferers, he offers insight and expertise on the topic of tinnitus and its negative effect on psychological health and hearing issues, how to help prevent the development of tinnitus and how sufferers can ease the intensity for a better quality of life.
